digdata®

Placement & graduate opportunities available for 2022 & 2023

Step Up Newsletter

Join BT to find out more about the breadth of data roles available.

BT offer Graduate rotational programmes and non-rotational programmes, summer and industrial placements and apprenticeships across the UK and Ireland.

Within their early careers programmes, they are not looking for people with previous industry experience or knowledge – they can teach you that! They are looking for customer first, passionate, forward thinking, and enthusiastic candidates to join their workforce to help shape the future of BT. They offer a diverse range of opportunities across departments including technology, engineering, corporate, sales, marketing, media, and TV.

BT pride themselves on their positive and inclusive culture, and they offer training and support to help you keep growing throughout your career.
